

Good Practices, Success Stories and Lessons Learned in SDG Implementation - Call for Submissions

Submit your contribution!

Three years into the implementation of the 2030 Agenda and the sustainable development goals (SDGs), many Governments, UN entities, international and regional organizations, Major Groups and other Stakeholders, are planning or have initiated evidence-based stock-taking of progress.

Where do we stand? Are we on track? What are the inspiring breakthroughs and success stories that are showing results and impacts? What are the good practices that can be replicated and scaled up? What are the gaps and constraints and how should we address them? Looking ahead, what steps should we take to accelerate progress?

These are among the questions that are under consideration. To help answer these questions, the United Nations Department of Economic and Social Affairs (UN DESA) is launching a call for submissions of good practices, success stories and lessons learned in the implementation of the 2030 Agenda and the SDGs. The submissions will be analyzed by a dedicated inter-agency team coordinated by UN DESA, and the results will be made available online for easy access and broad dissemination. Where applicable, the submissions can serve as inputs to thematic preparations for the 2019 sessions of the High-level Political Forum on Sustainable Development (HLPF).

An event will be organized in the lead-up to the 2019 HLPF convened under the auspices of the General Assembly to showcase a selection of the good practices and success stories and to present the main findings of the evidence-based stock-taking. It is hoped that the submission, collection, analysis and dissemination of good practices, success stories and lessons learned will help galvanize the momentum for implementation of the 2030 Agenda and the SDGs.

Submissions can be made between 1 November 2018 and 28 February 2019 by using a [web-based portal](#). All are encouraged to follow the template to the extent possible. For queries, please email DSDG@un.org, at the Division for Sustainable Development Goals of UN DESA.

We look forward to receiving your submissions.
